

PARENTAL CONSENT, INDEMNIFICATION AND CODE OF CONDUCT AGREEMENT

As a skater or a parent or Guardian of a skater under age 18, I understand that Figure Skating can be a challenging and dangerous sport and certify that my child, I, am in reasonable health and that I will not hold the Wasatch Figure Skating Club responsible for any injury that my child, I, get while participating in, volunteering at or otherwise engaging in Figure Skating.

I also understand that I will not hold liable any member of the Wasatch Figure Skating Club, including its Board of Directors for any injury while engaging in Figure Skating.

I uphold the US Figure Skating Code of Conduct and am respectful to parents, coaches, Ice Sheet staff and other skaters.

I understand that if I feel I need to make a claim against a member of the Wasatch Figure Club for an incident that has occurred at a US Figure Skating Sanctioned event including Shows, Test Sessions and Competitions, The Weber County Ice Sheet, or at any WFSC sponsored activity, I need to write and sign a formal complaint addressed to the Executive Board Members so that the US Figure Skating Code of Conduct, USFSA GR 1.02, may be enforced. I understand the difference between The Weber County Ice Sheet sponsored activities and Wasatch Figure Skating Club activities, but recognize that WFSC members represent US Figure Skating and the WFSC Club at all times. I also understand that I am entitled to discuss the complaint with the presence of one or more Executive Board members in confidentiality, however; I may not discuss the said situation with anyone who is not directly involved in the complaint or matter. WFSC strives to promote a supportive skating environment. Any behavior contrary to such goals and ideals may be cause for suspension, dismissal, loss of dues and/or all three. I also understand that in severe cases, as decided by the WFSC Board, such negative behavior may be reported to US Figure Skating. I may also be reported as a member not in good standing for such behavior, which jeopardizes my continued eligibility and participation at all levels of Figure Skating.
